Piper Track Squad Chalks Up Win In Prep for Regional

With a sweet victory in the mile relay as run at the Abilene High School invitational track meet, behind them, the seven man cinder squad of the Pied Pipers polished up their form for the regional meet at Brownwood Saturday.

The Pipers have been forced to run second to Stamford in previous meets in which they have met and the Saturday victory over that quartette was particularly sweet to the Pipers.

Other points won by the Pipers at the Abilene engagement were second in the 880-relay and W. T. Stapler placed fourth in the discus.

Asa Goodgame was off form and failed to garner his usual points in the hurdles.

The group has been combining baseball and track workouts for the all-out effort at Brownwood and they have high hopes of taking their specialties in that meet. Victory in this event will permit participation in the state meet at Austin and many of them are pointing toward this goal as a climax to their athletic history in Hamlin High School.

W. K. Jones Still Not Indicted at Anson

Fire Damages Wide Pasture Area Here

A costly fire burned the creek pastures from the Moore Lake dam east nearly to the Hamlin City Park Saturday afternoon. Property loss included grazing and fences as well as a wild life haven, and trees.

The fire was attributed to camp fires and high wind.

The owner expressed his desire that he does not mind if boys play along the creek and expects in return for them not to be destructive and that they please close gates and not take down the fences.

A sincere thanks was given the Hamlin Fire Department for its stopping the fire from spreading.

High School Band Lists Activities

The months of April and May are proving to be active ones for members of the Hamlin High School Band. Engagements which have already been fulfilled include an appearance at McCauley on Wednesday afternoon, April 4, and the attending of a band workshop which was held at Abilene Christian College on April 9.

At the band workshop the Hamlin band had as its clinician Mr. McMillan, director of the University of Colorado bands. His work proved very helpful to both the student and Director Walter P. Chalcraft.

On the social side of the ledger, activities have been climaxed by the banquet which was held on Friday, April 13, in the high school cafeteria. Approximately 80 were in attendance, including students, faculty members and several out of town guests. Entertainment was furnished by Stanley Seaton of McMurry College, a former Indian band member, who presented several feats of magic accompanied by a witty conversation.

Just as last minute plans were being made for the banquet, morale and enthusiasm were raised considerably by the arrival of jackets and sweaters which had been ordered several weeks previously. The shipment included ten sweaters and 15 jackets, all being the familiar green with traditional white lyre emblem.

Future dates to be fulfilled are headed by an appearance at McMurry College on Monday, April 23, and participation in the annual spring contest to be held at Brownwood on Saturday, April 28.

The year's final home event will be a concert presented in the early part of May.

Lions Not to Run Huchingson for Post of District Governor

A movement which was instituted by members of the Hamlin Lions Club prior to their Tuesday meeting was forestalled when I. R. Huchingson, superintendent of schools, decided that he would not allow his name to be placed in nomination for the office of District Governor.

Huchingson has had an outstanding career in work of the Lions Club and his fellow club members felt that his record was worthy of recognition at the convention which is to be held in Fort Worth early in May.

No program was offered at the luncheon meeting which was devoted to this discussion and other business.

C. D. Leonard, manager of the Southwestern Bell Telephone Co. here, was introduced to the club as the guest of Jim H. King.

Mickey Scott Now Prisoner of Reds

Mrs. Frances Scott, mother of 22 year old Private first class Mickey K. Scott received word last Saturday that her son is now a prisoner of the Chinese Reds.

The letter, dated January 1, said Marine Private Scott found his Chinese captors "friendly" and was written somewhere in Communist China.

Hopes were recently raised during the latter part of March that Scott was alive when the Red Cross reported his name had been mentioned on a propaganda broadcast about United States prisoners.

Mrs. Scott had been previously informed by the Defense Department in December that her Marine son was missing in action November 28.

Mickey is a brother of Bill Scott, coach at Hardin-Simmons University, Abilene.

THE LAWTON STORY OF "The PRINCE OF PEACE"

The "Voice of Defense" Reports to Texas

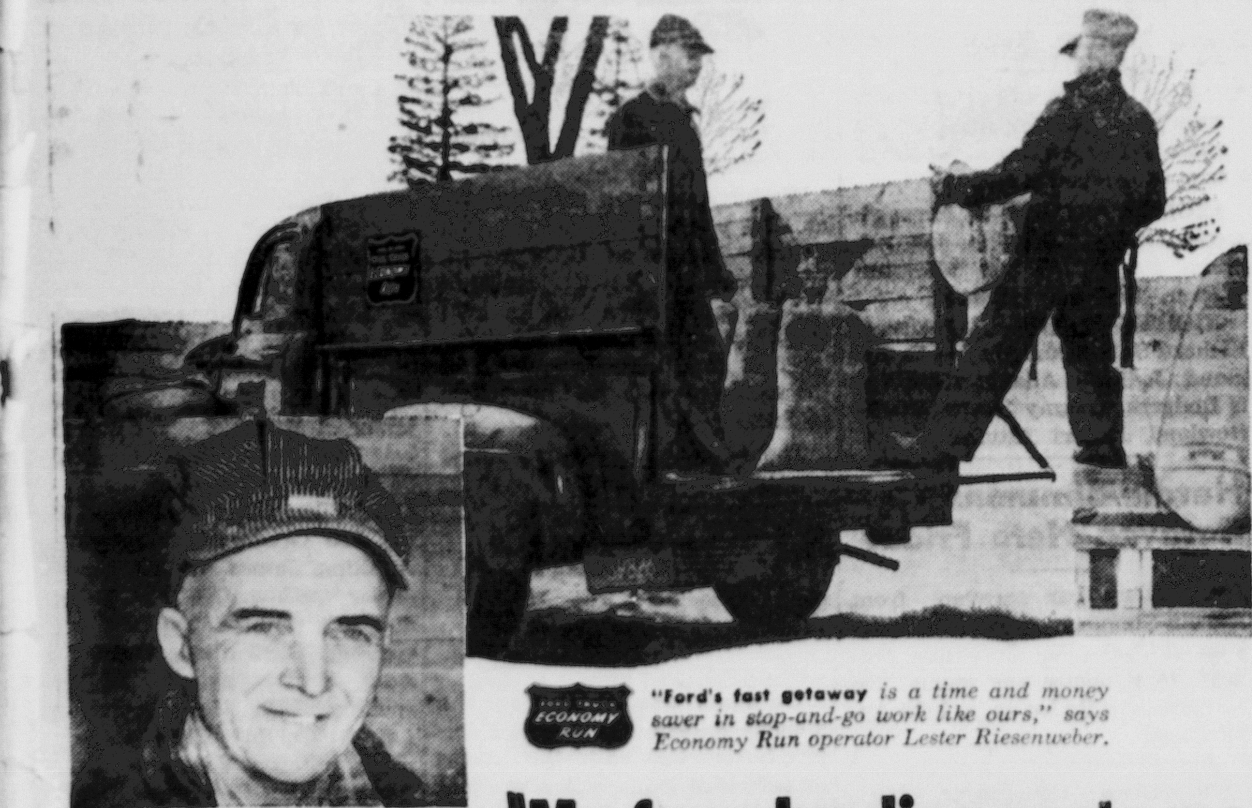

In times like these, when our way of life is threatened, Texans turn to their fastest, most dependable means of communication—and ask—

Is our telephone system prepared to handle its vital role as the "Voice of Defense"...

Here's part of the answer. There are twice as many telephones serving Texas as there were before World War II. Thousands of miles of long distance circuits have been added. Over 17,000 more telephone men and women are on the job to see this new emergency through—skilled, experienced people, tested and proved in many emergencies.

But preparedness means continued growth. We're looking ahead and working ahead to keep telephone service one of Texas' greatest assets in its defense efforts.

"I got the story on

50,000 Miles-No Wear

and changed to New Conoco Super Motor Oil"

says H. T. Fitzgerald, Newspaper Man, St. Louis, Missouri.

"50,000 MILES-NO WEAR!"—PROVED HERE:

After a punishing 50,000-mile road test, with proper crankcase drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence... in fact, an average of less than one one-thousandth inch on cylinders and crankshafts.

AND gasoline mileage for the last 5,000 miles was actually 39.77% as good as for the first 5,000! This test proved that new Conoco Super, with OIL-PLATING, can make your car last longer, perform better, use less gasoline and oil.

Ask Me About "50,000 Miles No Wear!"

CONOCO Super MOTOR OIL

"I'VE USED MANY DIFFERENT BRANDS of oil, but was never satisfied until I heard the story of '50,000 Miles—No Wear' and changed to new Conoco Super," writes Ben F. Taylor, Traveling Salesman, Fort Worth, Texas. "Now I get greater savings in oil consumption and more gasoline miles to the gallon."

It's probably true that all things come to him who waits; but we're inclined to believe that they are likely to come too late to do any good.

Son Of David Ratliff Named House Mascot

According to a report made The Herald early this week John A. Ratliff, four and one-half month son of Representative and Mrs. David W. Ratliff of Stamford, has been named mascot of the House of Representatives in a recent resolution.

The youngster's picture will be placed on the wall panel showing the House membership for the 52nd Legislature.

Most people will recall Ratliff is Jones and Shackelford County's representative from the 115th District.

LEND LEASE: We lend it to them; they lease it to us.

A monkey is the only wild animal that will use sticks, stones or anything handy as a weapon.

Seeing is believing, but as often as wives see their husbands, they still don't believe them.

Marrying a woman for her beauty is like buying a home for its paint.

County Clerk Lists Rules for Notaries

Jones County Clerk Herb Rowland has received notification from the office of Secretary of State John Ben Shepperd on the procedure to be followed in the reappointment of qualified notaries public whose terms expire June 1, and the appointment of new notaries.

The reappointment of all presently qualified notaries of Jones County will be made by Secretary of State Shepperd by May 29, and each reappointed notary must qualify with the County Clerk on June 1, file oath and bond and pay the statutory filing fee to the Clerk in order to serve as a qualified notary for the new term June 1, 1951 to June 1, 1953. After all reappointed notaries have qualified, the clerk will forward certificates of qualification and filing fees to the Secretary of State.

Individual notaries are not to send money to the State office.

Terms of all presently qualified notaries expire on June 1, and a notary cannot qualify for the 1951-1953 term before that date, irrespective of reappointment or new appointment.

Persons applying through the County Clerk for notary appointments for the first time will receive appointments, effective on the date of qualification.

A certificate of appointment on each person applying for the first

time will be sent to the Secretary of State for approval and then returned to the County Clerk, after which the person will be notified to appear within 10 days to qualify before the Clerk.

In the instructions received from Shepperd, Rowland stated, "An applicant must be 21 years of age or older and a resident of the county in which he intends to act as a notary. It is important that the exact name of the applicant be given and that this name be used on all documents signed by the person. He must also give his correct mailing address."
